

## WET WEATHER POLICY

**Stirling East Primary School**

Version Number: 2

Date Created: 15/11/17

Date of Review: 15/11/20

The Wet Weather Policy will be enacted when a member of the leadership team determines that the rain is:

- Heavy enough to cause discomfort or put children at risk.  
And/or
- Is likely to be ongoing through the duration of the break period.

In the event of this determination the following will occur:

- The wet weather bell will be rung – two short blasts of the bell.
- All children will return to their classrooms and will remain in their classrooms for the remainder of the break. Students will not return to outside play – irrespective of the weather conditions.
- All duties will be cancelled and teachers will return to their classrooms.
- Teachers will negotiate with colleagues to release each other to provide a break. Adequate supervision/duty of care will be guaranteed.
